

How can S3 strategies support innovation ecosystems & value chains?

Committee of the Regions 15th Oct 2015 / Session 15B02

Richard Tuffs, ERRIN www.errin.eu

Smart specialisation is a good framework for strategic thinking at regional level – especially if with good Entrepreneurial Discovery Process and international perspective - who is doing what in the region and outside the region?

Rise of EU R&I funding and focus on research and innovation

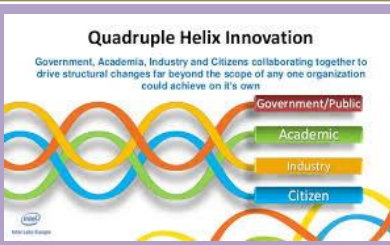

Flanders FP7/H2020 = €160m per year

Flanders 2014-2020: ERDF / RTD €69m = €11.5m per year

Synergies important but depends on regional context – ESIF heavy or ESIF lite...

Building a strong triple/quadruple helix structure in region with well-developed governance structures (with regional buy-in) and monitoring implementation of S3...
