EIF helps European SMEs

Promoting Innovation & Entrepreneurship

**We provide
risk financing
to stimulate
entrepreneurship
and innovation
in Europe**

OBJECTIVE

To support **smart, sustainable** and **inclusive** growth for the benefit of European SMEs

HOW

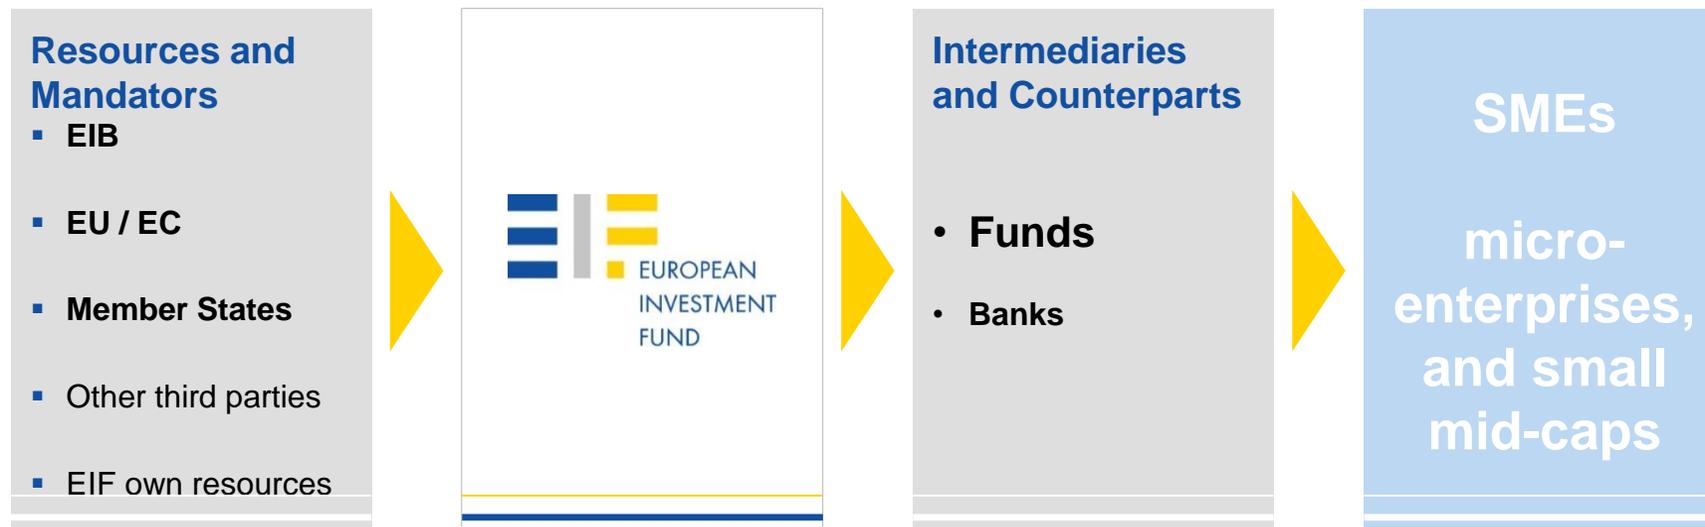

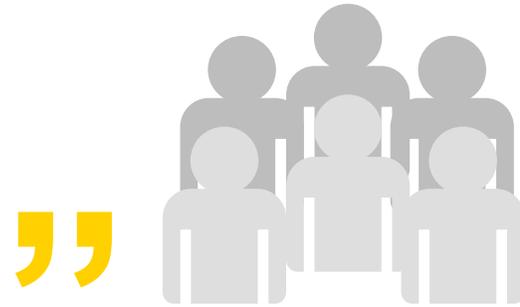

By offering a wide range of **targeted products to support SMEs and mid-caps**, ranging from venture capital to guarantees and microfinance

WHERE

Working with financial intermediaries across the **EU-28 and EFTA countries, candidate and potential candidate** countries

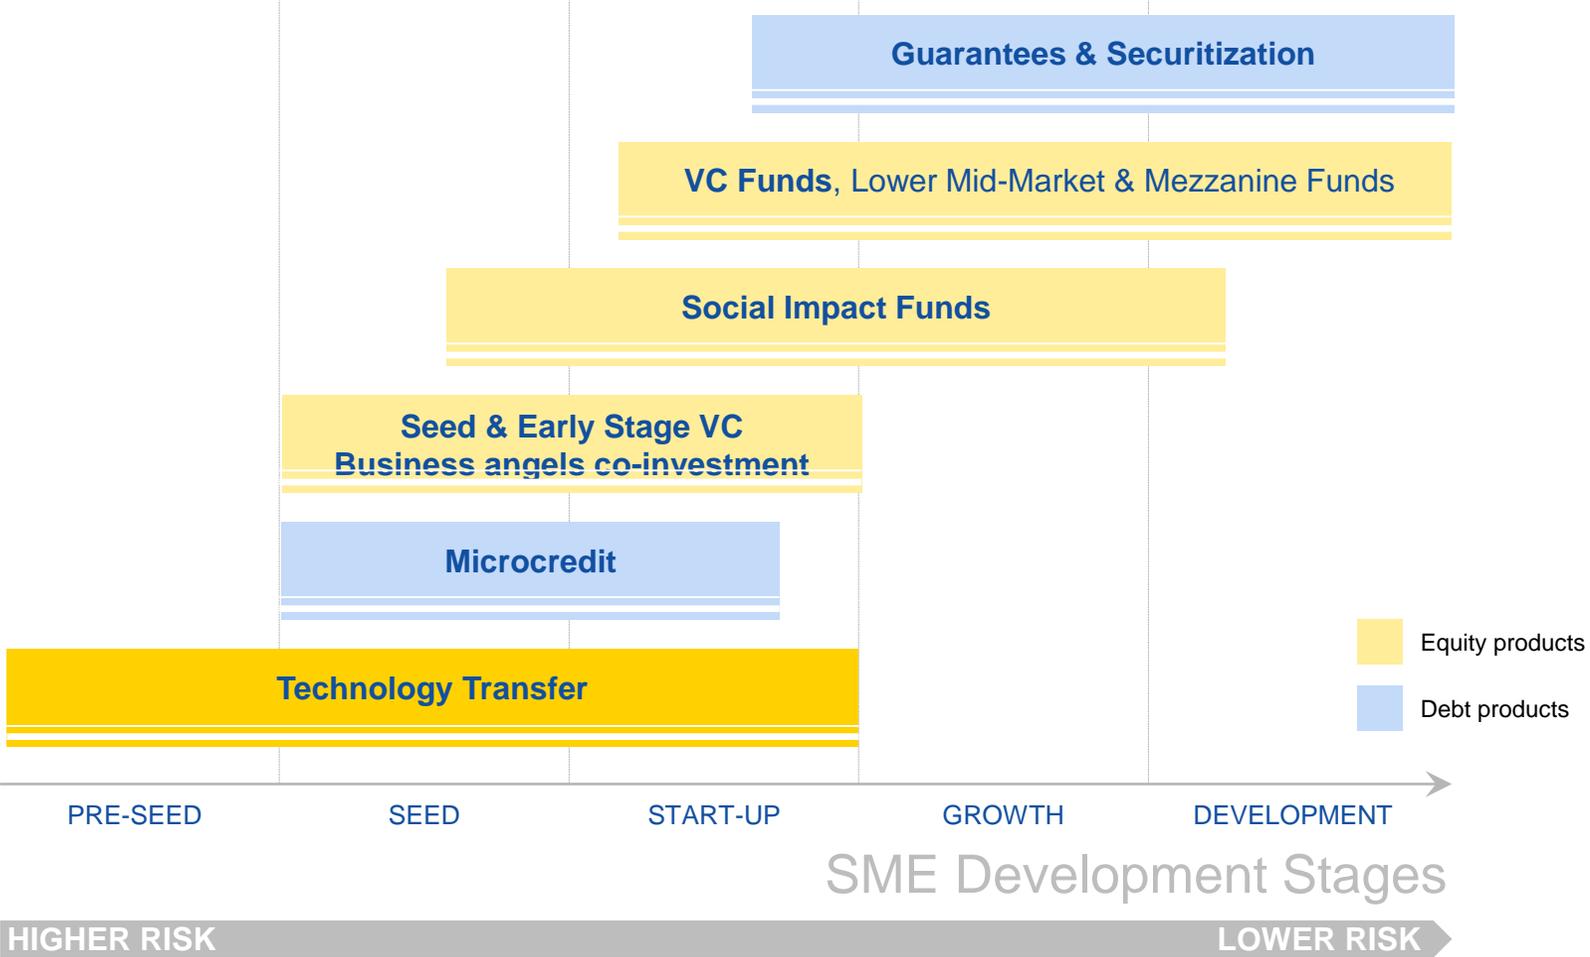

EIF supports SMEs through Intermediaries

“ We work with a wide range of counterparts to support SMEs ”

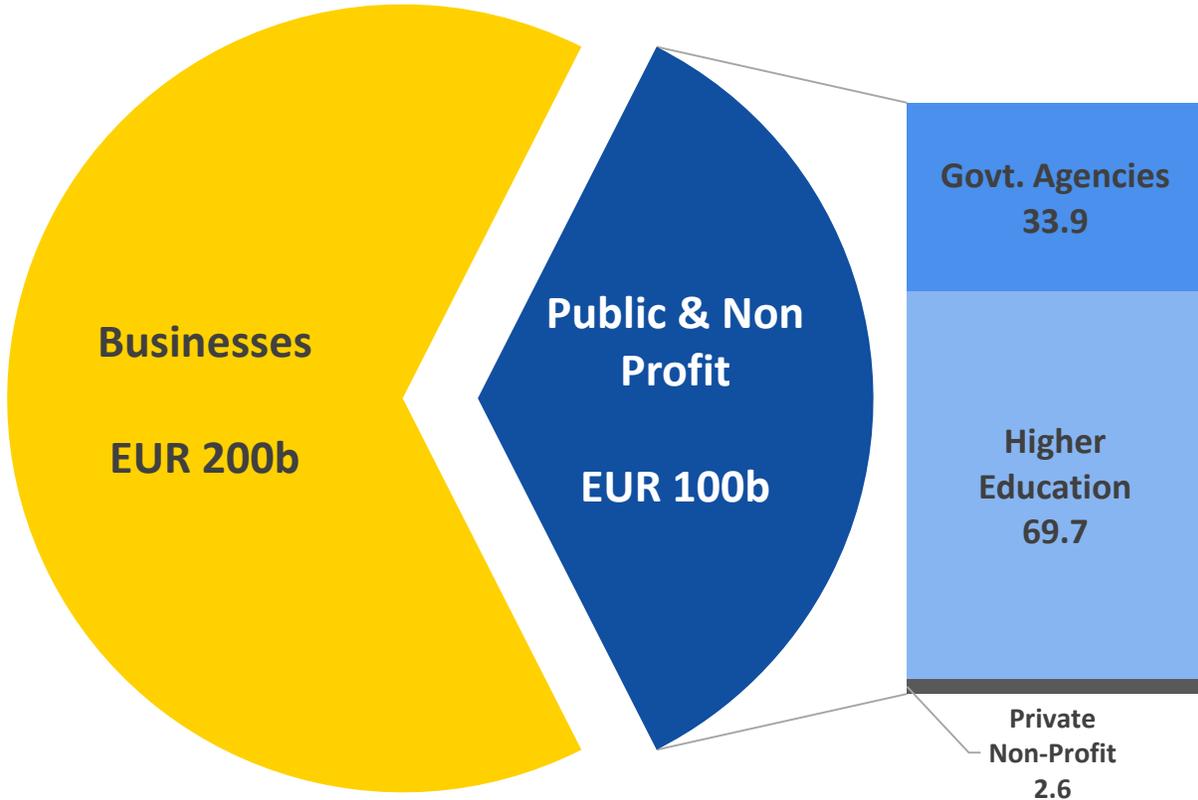

EIF helps European SMEs

at every stage of their development

EUR 100b / year in public R&D in EU

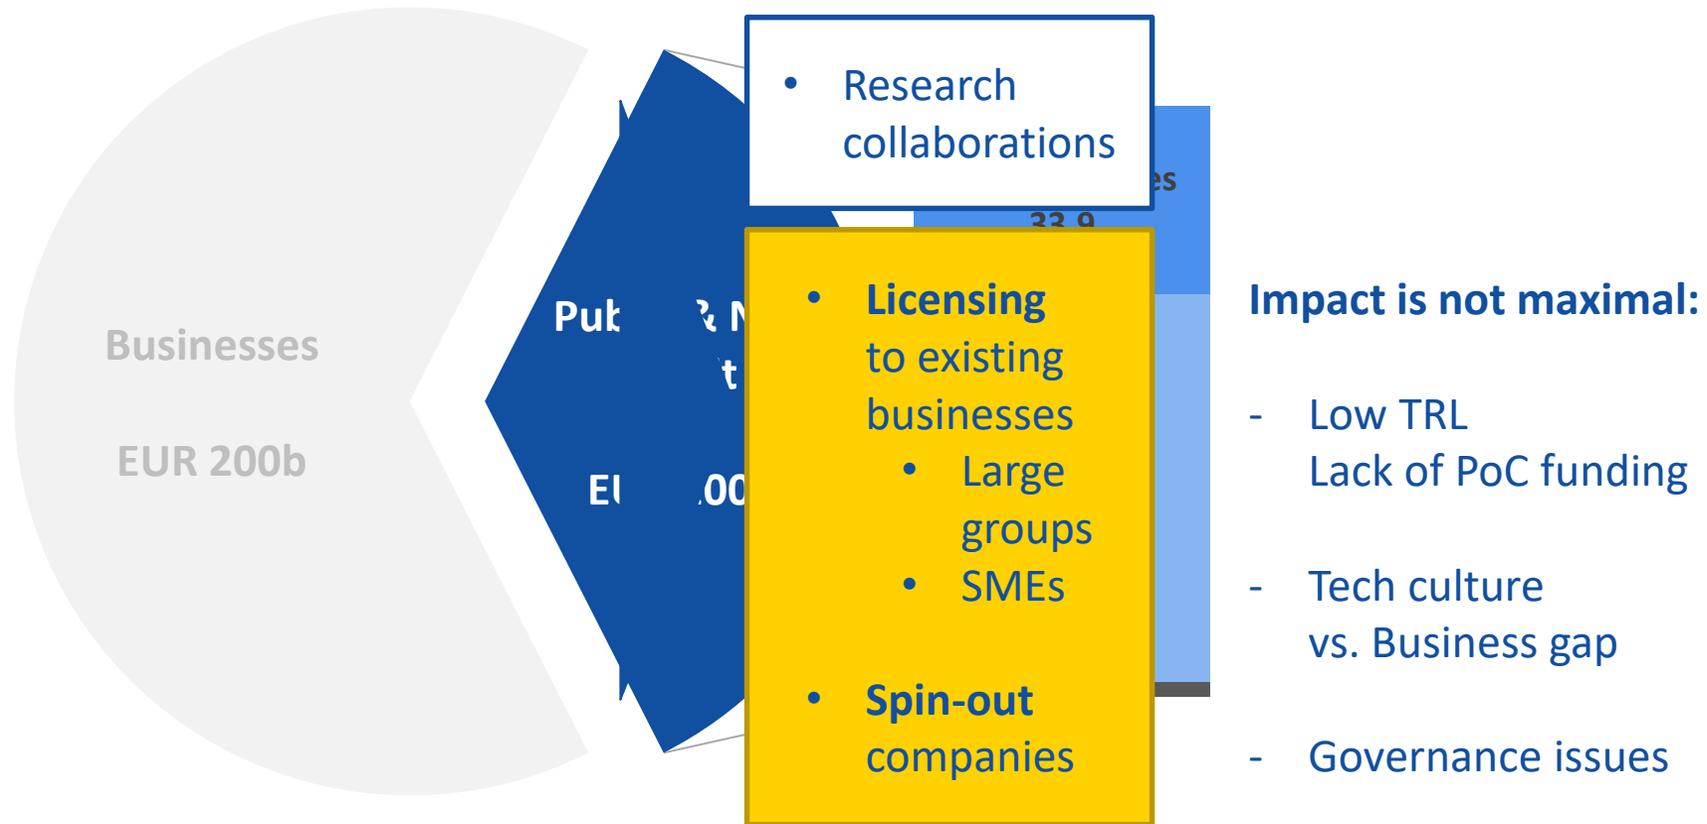

How to maximise impact on the economy?

Source: Eurostat, last update 2018-02
2015 values (EUR): EU28 301b, USA 453b, China 203b, Japan 129b

EUR 100b / year in public R&D in EU

How to maximise impact on the economy?

EUR 100b / year in public R&D in EU

How to maximise impact on the economy?

Current answer from EIF Tech Transfer

The last mile between labs and industry

- PoC and tech. maturation funding to support licensing
- Pre-seed funding for spin-outs, with large follow-on reserves

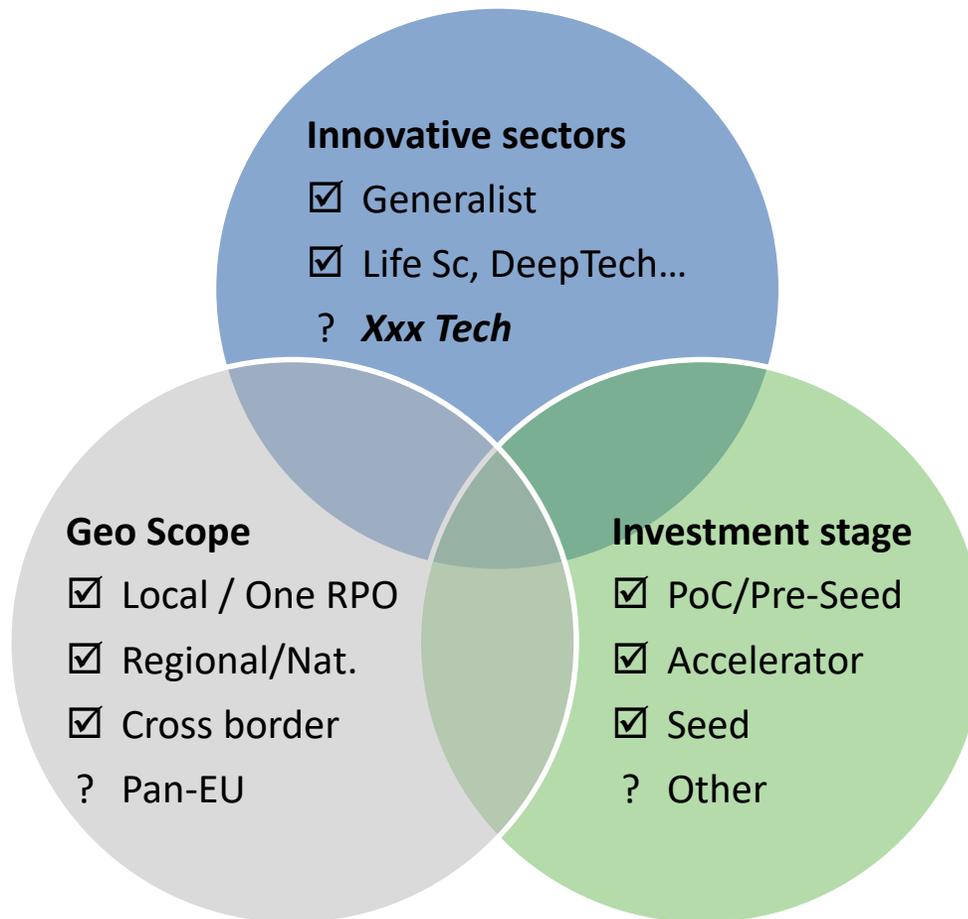

Partnerships with RTOs

- fair share of returns → prime the virtuous circle
- long term impact on culture

EIF value-added

- Independence of decision making process / Strong team
- Best practice / Know-how

EIF Tech Transfer Funds

- **Irish Universities**
 - Generalist
 - Pan-Ireland / TCD & UCD
 - PoC to Seed
- **Kurma Diagnostics**
 - Life Sciences / Diagnostics
 - French/Paris RPOs
 - Accelerator + Seed
- **SINTEF Ventures**
 - Generalist
 - SINTEF
 - PoC to Seed
- **Special Mandates**
 - ITA-Tech

EIF Tech Transfer

What are we looking for?

Access to innovation

- First class level
- Strong partnership
- Buy-in from bench to board

Funding gap

- Under-invested sectors
- Value creation
- Capital intensity

Fund set-up

- Investment team
- Co-investors
- Governance
- Minimum size

Typical Fund supported by EIF

25 PoC projects	€ 2.5m
15 initial investments	€ 17.5m
Reserves for follow-on	€ 20m

**CASE BY CASE
AMENDMENTS !**

Total (investable) € 40m

Total (incl. managt. fee) € xxm *(up to 50% from EIF)*

5 years investment period + long term follow-up

EIF Portfolio of Tech Transfer Funds

2006-2017

35 investment vehicles

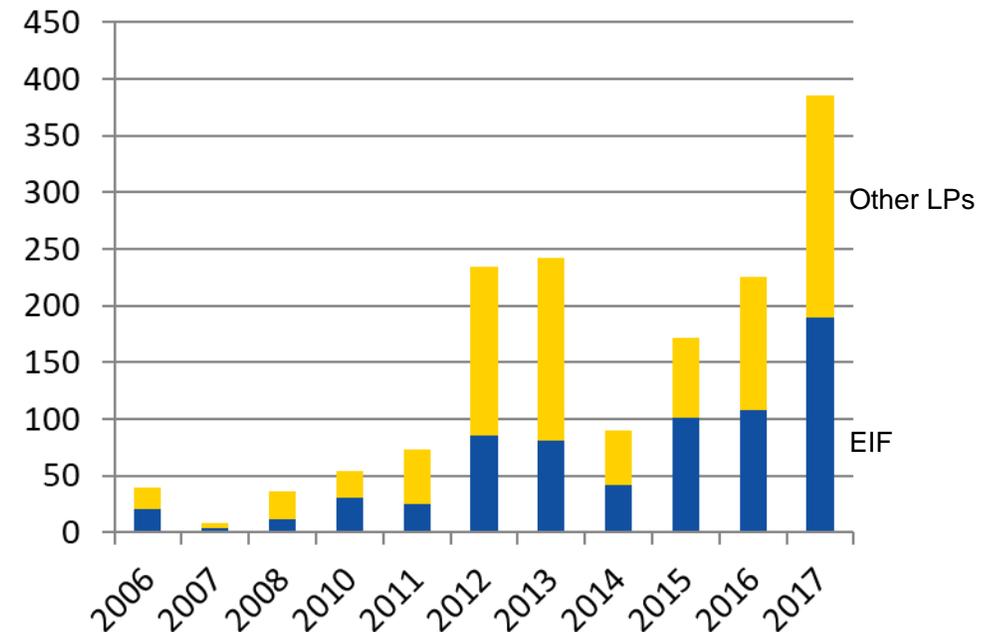

- avg. size EUR 45m

Commitments⁽¹⁾ EUR

- EIF 700m 45%
- Other investors 900m
- Total 1,600m

Recent acceleration

- EFSI / InnovFin TT

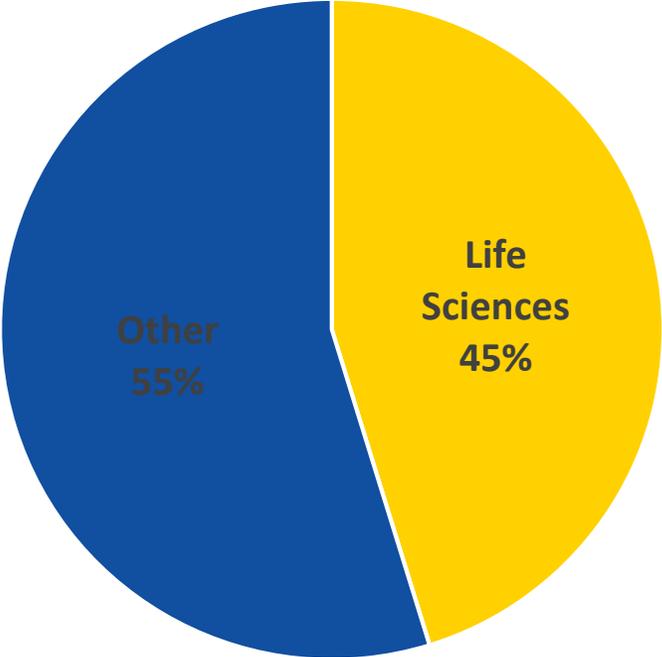

EIF Portfolio of TT Funds

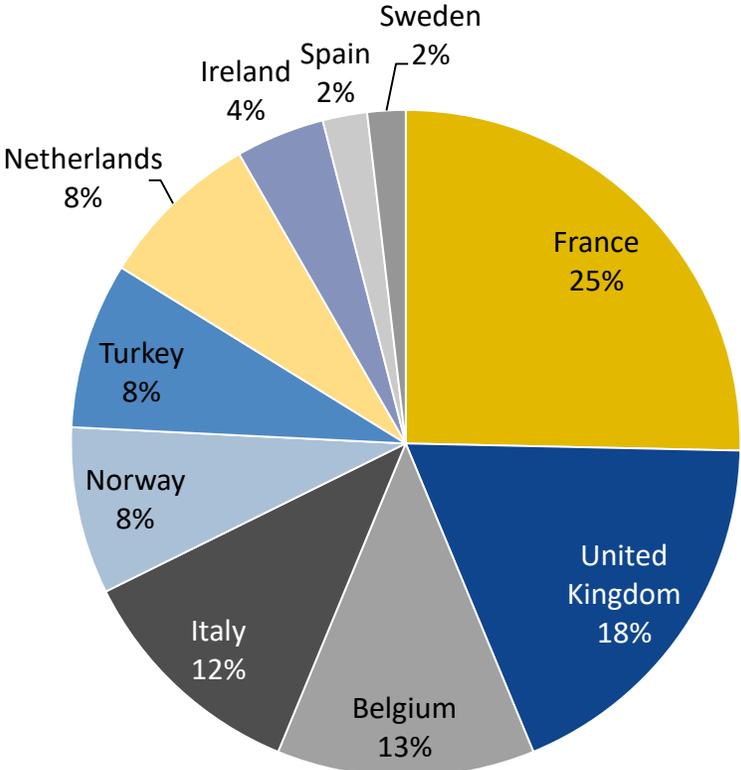

2006-2017

Special interest for capital intensive sectors
